RESCUE POLE

Rescue pole extends the worker's reach to install a high anchor. It can be used to connect a line to a worker who has fallen on his personal fall arrest system and is otherwise out of reach.

DESCRIPTION

Maximum reach – 2,5 m

Quick self-fixation extension due to a changing diameter of each segment

Connector is held in the open position and then closes when the pole is retrieved, leaving a rescue-line attached to the victim or an anchor point

Slim fit shoulder bag with additional pocket for heads storage

KEY PROPERTIES

- Lightweight
- Compact
- Easy to use

FEATURES

390 g

3 years warranty

MATERIALS

- **92 %** fibre glass
- **5 %** PVC rubber
- **3 %** brass
