

NECKGUARD

Helmet sunshade flap to protect the neck from sunlight. A practical accessory for working in the sun – ideal for arboriculture, construction, grounds maintenance, and other outdoor tasks.

DESCRIPTION

Lightweight and breathable, does not cause overheating or pressure.

Resists sweat, dust, and typical working conditions.

Does not interfere with the use of additional accessories such as earmuffs or the COVER face shield.

Compatible with most safety helmets on the market, ideal for SINGING ROCK BLAST and FLASH models (compatible also with the sports helmets).

Ideal for long sun-exposed work shifts.

Made from fabric with UPF 50 protection that blocks harmful UV radiation.

Available in a universal color that matches all variants of the SINGING ROCK helmets.

Hand wash or machine wash at temperatures up to 30 °C.
