

SIT WORKER

3D SPEED

Fully adjustable sit harness for work positioning. The new design of this sit harness is characterized by perfect functionality, great comfort and lightness. Intended for all vertical activities without any risk of the fall. The variant of the SIT WORKER 3D harness with SPEED buckles.

DESCRIPTION

Front attachment point for descender placement or work positioning according to EN 813, EN 358.

Reflective strap and printing on the waist belt increase the visibility in dark working conditions.

Innovated SPEED buckles enable fluent and fast adjustment to fit a user's body.

All steel components finished with E - coating for higher corrosion resistance.

Anatomic leg loops and waist belt are covered with strong PES fabric providing high abrasion resistance.

Super comfortable wide waist belt padding provides maximum comfort when working at height.

Side attachment points for work positioning according to EN 358.

Ergonomic braided gear loops with a bearing capacity of 15 kg.

Additional loops on the waist belt and leg loops with a bearing capacity of 5 kg offer additional space for the gear and better gear organization.

KEY FEATURES

- padded wide waist belt
- durable PES straps providing longer life
- additional loops on the waist belt and leg loops

STANDARDS

CE 1019

EN 813
EN 358

FEATURES

M/L
1515 g / 53.4 oz

WLL
150 kg

unique number

3 YEARS warranty

MATERIALS

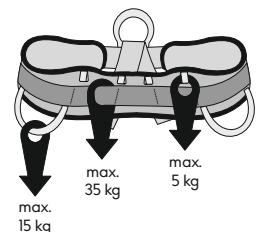

- 28 % stainless steel
- 25 % PES
- 18 % aluminum alloy
- 13 % EVA foam
- 10% PAD
- 6 % polyethylene

TECHNICAL DATA

SIZE	S	M/L	XL
A [cm/in]	65-80 / 25-31	75-100 / 29-39	85-130 / 33-51
B [cm/in]	45-60 / 18-24	50-75 / 20-29	50-75 / 20-29

The Maximum Rated Load = MRL = 150 kg

PORTER/PORTE XL

Strength webbing on the waist belt is stitched in the way that at normal working situation the body weight is absorbed by the padding only. Heavier items up to 35 kg can be attached here.

2 side attachment points for work positioning according to EN 358.

Slots at the waist belt for PORTER and PORTER XL tool holder to carry your tools and gear.

COMPARISON

SIT WORKER 3D - SIT WORKER III

- improved ergonomic waist belt, wide comfortable waist belt, wide anatomic padded leg loops
- colorfully highlighted 4 gear loops, ergonomic braided front gear loops
- accessory loops on the waist belt and leg loops
- special slot on the waist belt for better fixation of the PORTER/PORTE XL carabiner
- leg loops are covered with a polyester fabric for higher abrasion resistance
- reflective straps on the waist belt increase the visibility of the harness
- on the waist belt a vertically stitched webbing creates the holes for fixing the equipment

SIT WORKER III

MAINTENANCE

Lifetime of this product depends on the frequency and the environment (salt, sand, moisture, chemicals, etc.) in which is used. Without taking wear or mechanical damage into account and in compliance with the conditions specified in the instructions for use this product may be used 15 years from the date of production and 10 years from the date of the first use.

However mechanical damage can occur during the first use, which can limit the lifetime of this products only to its first use.

beware of UV

beware of chemicals

beware of salt

washing

drying
